

LAMINATED FOAM MATTRESSES

Unparalleled Diversity

With decades of expertise in developing innovative foam patient support products, AMF is able to meet any customer need for long-term and acute care laminated mattresses.

A full range of foam, cover and side rail options are available to meet patient care needs at all price points.

Among the many possibilities for unique configurations are:

- Soft to firm foam densities, constructed for optimum therapeutic benefit
- Zonal configurations
- Nylon, stretch polyurethane or vinyl covers
- A wide selection of nonskid materials for bottom covers
- Raised or level side rails for patient safety
